## ABOUT COLLEGE :

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development".

### Courses Offered:

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis & Q.A.
- Pharmaceutical Analysis & Q.C.
- Pharmaceutics

## OBJECTIVES OF THE PROGRAMME :

The FDP programme is being organized by Pydah College of Pharmacy to Innovation in formulation development continues to be driven by the need to improve drug bioavailability. One of the goals of any oral formulation development project is to create a formulation in which the active pharmaceutical ingredient (API) is sufficiently bioavailable to have the desired therapeutic effect. The main objective of the program is to ensure that the medication being manufactured will provide the desired effect to the patient. Quality assurance also guarantees that there are no contaminants present and that the medications will meet quality requirements and all relevant regulations.

## TOPICS :

- ❑ Product design and development is by requirements of cGMP
- ❑ Inspection of Quality products
- ❑ Innovation in formulation development continues to be driven by the need to improve drug bioavailability.
