## ABOUT COLLEGE

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis & Q.A
- Pharmaceutical Analysis & Q.C
- Pharmaceutics

## OBJECTIVE OF THE PROGRAMME

The objectives is to ensure that vaccines are readily available and accessible to the community, promoting vaccination as a preventive healthcare measure, optimizing vaccine procurement, distribution and inventory management processes in community pharmacies, staying updated on applicable regulations, documentation and record-keeping related to vaccine storage, including temperature monitoring logs and expiration date management.

## TOPICS OF THE PROGRAMME

- ☆ Increase Vaccine Accessibility
- ☆ Optimal Vaccine Storage Conditions
- ☆ Compliance with Regulatory Standard
- ☆ Cold Chain Management
- ☆ Vaccine Inventory Management
- ☆ Staff Training and Education
- ☆ Vaccine Awareness and Education
- ☆ Collaboration with Healthcare Providers
- ☆ Quality Assurance

## OUTCOME OF THE PROGRAMME

- By achieving these objectives, community pharmacies can contribute to ensuring the availability of vaccines, maintaining their efficacy and promoting vaccination as an essential public health service.

## ABOUT COLLEGE

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis & Q.A
- Pharmaceutical Analysis & Q.C
- Pharmceutics

## OBJECTIVE OF THE PROGRAMME

The objective of the research on the cause and effect of cholera in children is to investigate the factors that contribute to the occurrence of cholera in children, understand the mechanisms by which the disease spreads and determine the impact of cholera on children's health and well-being.

For any Queries Contact:  
[princpharma@pydah.edu.in](mailto:princpharma@pydah.edu.in)

  
PRINCIPAL  
Pydah College of Pharmacy  
PATAVALA, KAKINADA

## TOPICS OF THE PROGRAMME

- ★ Etiology of Cholera
- ★ Transmission Routes
- ★ Clinical Manifestations
- ★ Impact on Children

## OUT COME OF THE PROGRAMME

- The study can raise awareness about the impact of cholera on children's health and well-being. It may lead to educational campaigns targeting caregivers, healthcare providers, and communities to promote preventive measures and early recognition of cholera symptoms in children. Overall, the research aims to deepen our understanding of cholera in children and provide evidence-based recommendations to mitigate its impact and improve child health outcomes.

<b>Venue:</b>	Pydah College of Pharmacy

### **Objective of the Program:**

The objective of the research on the cause and effect of cholera in children is to investigate the factors that contribute to the occurrence of cholera in children, understand the mechanisms by which the disease spreads and determine the impact of cholera on children's health and well-being.

### **Topic covered:**

- ✓ Etiology of Cholera
- ✓ Transmission Routes
- ✓ Clinical Manifestations
- ✓ Impact on Children

Education & Beyond

## Outcome of Program:

The study can raise awareness about the impact of cholera on children's health and well-being. It may lead to educational campaigns targeting caregivers, healthcare providers and communities to promote preventive measures and early recognition of cholera symptoms in children.

Overall, the research aims to deepen our understanding of cholera in children and provide evidence-based recommendations to mitigate its impact and improve child health outcomes.

Students and faculties have participated in the seminar on **A Research on Cause and effect of Cholera in Children** on 21-07-2018.

## ABOUT COLLEGE :-

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- B.Pharmacy (4 Years)
- M. Pharmacy
- Pharmaceutical Analysis & Q.A
- Pharmaceutical Analysis & Q.C
- Pharmaceutics

## OBJECTIVE OF THE PROGRAMME :-

The objective of the development and validation of spectrophotometric methods for the determination of Risperidone Tablet dosage form involves selecting appropriate solvents, wavelengths and experimental conditions to ensure optimal detection and quantification of the drug and aims to establish the reliability and equivalence of the spectrophotometric method with established standards and involves quantifying the Risperidone content in the tablets and assessing the quality and compliance of the samples with respect to label claims and regulatory standards.

## OUT COME OF THE PROGRAMME :-

By achieving these objectives, the development and validation of spectrophotometric methods for the determination of Risperidone tablet dosage form can provide an accurate, reliable and cost-effective analytical tool for routine quality control analysis, formulation development and stability studies of Risperidone tablets.

## TOPICS OF THE PROGRAMME :-

- Method Development
- Method Optimization
- Validation of the Method
- Robustness and ruggedness testing
- Comparison with Reference Method
- Sample Analysis
- Method Application
- Method Suitability for Routine Analysis

## TOPICS OF THE PROGRAMME

- Antimicrobial activity assessment
- Phytochemical analysis
- Identification of active compounds
- Comparison between aqueous and methanolic extracts.
- Evaluation of potential therapeutic applications

## OUTCOME OF THE PROGRAMME

- The specific outcomes of the antimicrobial activity and phytochemical analysis of the aqueous and methanolic extracts of *Celosia argentia* will depend on the research methodology and the specific properties of the plant material being studied.
  - The study may reveal that the aqueous and/or methanolic extracts of *Celosia argentia* exhibit significant antimicrobial activity against a range of microorganisms. This could include bacteria, fungi or other pathogens.
  - The outcome might be expressed as minimum inhibitory concentration (MIC) or minimum bactericidal/fungicidal concentration (MBC/MFC) values, indicating the effectiveness of the extracts in inhibiting or killing the microorganisms.

## "SCOPE AND SIGNIFICANCE OF HEALTH SERVICE RESEARCH"

Programme schedule  
31.10.2018

**Organized by:**

*Education & Beyond*

**PYDAH COLLEGE OF PHARMACY**

(Approved by PCI, AICTE and Affiliated to Andhra University, V.S.P)  
Kakinda-Yanam Road, PATAVALA, KAKINADA-533461, E.G.Dist, A.P

**Venue : Seminar Hall**

**PYDAH COLLEGE OF PHARMACY**

(Approved by PCI, AICTE and Affiliated to Andhra University, V.S.P)  
Kakinada-Yanam Road, PATAVALA-533461, E.G. Dist, A.P

## ABOUT COLLEGE

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- \* B.Pharmacy (4 Years)
- \* M.Pharmacy
  - Pharmaceutical Analysis Q.A.
  - Pharmaceutical Analysis Q.C.
  - Pharmaceutics

## OBJECTIVE OF THE PROGRAMME

The objective of the scope and significance of health service research is to understand, evaluate and improve the healthcare system's effectiveness, efficiency, accessibility and quality. This type of research encompasses a wide range of topics related to healthcare delivery, management, policies and outcomes.

*N. Abhaya*  
PRINCIPAL  
Pydah College of Pharmacy  
KAKINADA

The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis & Q.A
- Pharmaceutical Analysis & Q.C
- Pharmaceutics

## OBJECTIVE OF THE PROGRAMME

The objectives of investigating the presence of staphylococcus aureus in dairy products can vary depending on the specific context and goals of the investigation is to determine whether staphylococcus aureus, a bacterium known to cause various human infections, is present in dairy products and to determine the level or load of staphylococcus aureus present in the dairy products.

## TOPICS OF THE PROGRAMME

- \* IDENTIFICATION OF STAPHYLOCOCCUS AUREUS
- \* QUANTIFICATION OF STAPHYLOCOCCUS AUREUS
- \* ASSESSMENT OF CONTAMINATION SOURCES
- \* EVALUATION OF FOOD SAFETY RISKS
- \* COMPLIANCE WITH REGULATORY STANDARDS
- \* DEVELOPMENT OF CONTROL MEASURES

## OUTCOME OF THE PROGRAMME

- The outcomes of investigating the presence of staphylococcus aureus in dairy products provide valuable information for food safety management, risk assessment, regulatory compliance and the development of preventive measures.
- These outcomes aim to protect consumer health, ensure product quality, and enhance the overall safety of dairy products in the market.

## "RESEARCH ON DRYING PROCESS AND ITS EQUIPMENTS"

Programme schedule

29.11.2018

Organized By:

Education & Beyond

**PYDAH COLLEGE OF PHARMACY**

(Approved by PCI, AICTE and Affiliated to Andhra University, VSKP)  
Kakinada-Yanam Road, PATAVALA, KAKINADA-533461, E.G.Dist, A.P.

Venue : Seminar Hall :

**PYDAH COLLEGE OF PHARMACY**

(Approved by PCI, AICTE and Affiliated to Andhra University, VSKP)  
Kakinada-Yanam Road, PATAVALA-533461, E.G. Dist, A.P.

## ABOUT COLLEGE

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis & Q.A
- Pharmaceutical Analysis & Q.C
- Pharmaceutics

## OBJECTIVE OF THE PROGRAMME

The objective of introducing drying processes such as tray dryer, vacuum dryer, fluidized bed dryer and freeze dryer is to provide different methods for removing moisture or solvents from various materials.

## TOPICS OF THE PROGRAMME

- ★ Efficient moisture removal
- ★ Improved heat transfer
- ★ Preservation of product quality
- ★ Enhanced rehydration
- ★ Particle homogeneity

## OUTCOME OF THE PROGRAMME

By utilizing these drying processes, this includes efficient moisture removal, uniform drying, preservation of product quality, reduced drying time, cost-effectiveness and improved rehydration properties. The selection of the drying process depends on the nature of the material, desired drying characteristics and specific requirements of the application.

## Program Report

<b>Name of the Event:</b>	Research on Drying Process and its Equipments
<b>Resource Person</b>	Introduction to Drying Process and its Equipments by Mr. B. Kiran Kumar, Associate Professor, Annamallai University, Chindambaram
<b>Date of Activity</b>	29-11-2018
<b>Organized By:</b>	Pydah College of Pharmacy
<b>Venue:</b>	Pydah College of Pharmacy

### **Objective of the Program:**

The objective of introducing drying processes such as tray dryer, vacuum dryer, fluidized bed dryer and freeze dryer is to provide different methods for removing moisture or solvents from various materials.

### **Topic covered:**

- ✓ Efficient moisture removal
- ✓ Improved heat transfer
- ✓ Preservation of product quality
- ✓ Enhanced rehydration
- ✓ Particle homogeneity

Education & Beyond

## Outcome of Program:

By utilizing these drying processes, this includes efficient moisture removal, uniform drying, preservation of product quality, reduced drying time, cost-effectiveness and improved rehydration properties. The selection of the drying process depends on the nature of the material, desired drying characteristics and specific requirements of the application.

Students and faculties have participated in the seminar on **Research on Drying Process and its Equipments** on 29-11-2018

## ABOUT COLLEGE

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis&Q.A
- Pharmaceutical Analysis&Q.C
- Pharmaceutics

## OBJECTIVE OF THE PROGRAMME

The objective of analytical method development and validation is to establish a reliable and scientifically sound analytical method for the accurate and precise analysis of a specific compound or analyte in a given sample matrix. This process is crucial in various scientific disciplines, including pharmaceuticals, environmental monitoring, food analysis, forensic sciences and more.

## OUTCOME OF THE PROGRAMME

The outcome collectively contribute to the overall improvement of analytical methods, making them more valuable tool for various scientific disciplines, quality control research and regulatory compliance.

## TOPICS OF THE PROGRAMME

- ★ Method development
- ★ Method optimization
- ★ Validation parameters
- ★ Sampling techniques
- ★ Instrumentation
- ★ Quality control

## Program Report

<b>Name of the Event:</b>	Entrepreneurship Skills Development
<b>Resource Person</b>	Mr. B. Murali Krishna, Associate Professor, Sri Venkateswara college of Pharmacy, Etherla, Srikakulam
<b>Date of Activity</b>	05-01-2019
<b>Organized By:</b>	Pydah College of Pharmacy
<b>Venue:</b>	Pydah College of Pharmacy

### **Objective of the Program:**

The objective of entrepreneurship skills is to develop individuals with the knowledge, mindset and abilities necessary to identify and pursue opportunities, create innovative solutions and successfully launch and manage their own businesses or ventures. These skills are focused on fostering an entrepreneurial spirit and mindset that can be applied in various contexts, whether it's starting a new business, leading a team within an organization or driving innovation and change in any field.

### **Topic covered:**

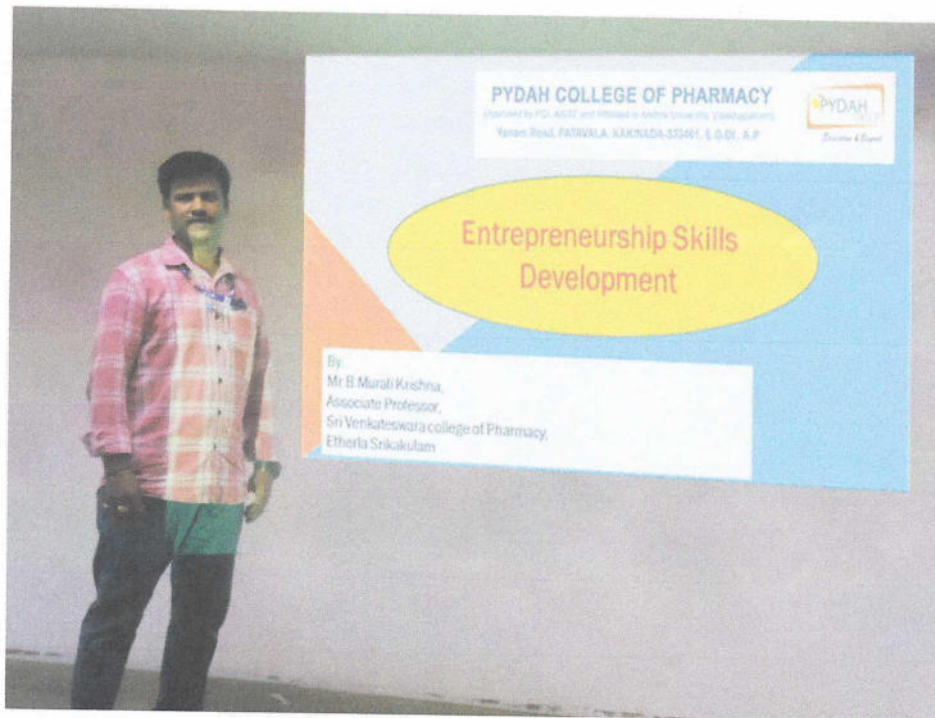

- ✓ Introduction to entrepreneurship
- ✓ Opportunity identification and evaluation
- ✓ Business planning and strategy
- ✓ Marketing and sales
- ✓ Leadership and team management

  
Program Coordinator

## Outcome of Program:

- Entrepreneurship skills can vary greatly depending on various factors such as the individual's dedication, market conditions, the nature of their business and external factors beyond their control. However, by honing their entrepreneurial abilities, individuals increase their chances of achieving positive outcomes and making a lasting impact, resources and financial assistance.

Students and faculties have participated in the seminar on **Entrepreneurship Skills Development** on 05-01-2019.

## Program Report

<b>Name of the Event:</b>	A one day seminar on IPR-Patent design Procedure
<b>Resource Person</b>	Dr. Ch. Prasad, Professor, Vignan Institute of Pharmaceutical Technology, Visakhapatnam
<b>Date of Activity</b>	30-03-2019
<b>Organized By:</b>	Pydah College of Pharmacy
<b>Venue:</b>	Pydah College of Pharmacy

### **Objective of the Program:**

The objective of the intellectual property rights (IPR) patent design procedure is to protect new inventions and technological advancements by granting exclusive rights to the inventors or assignees. The patent design procedure ensures that inventors are rewarded for their innovations while encouraging further research and development.

### **Topic covered:**

- ✓ Invention disclosure
- ✓ Prior art search
- ✓ Patent application drafting
- ✓ Filing the patent application
- ✓ Examination and prosecution
- ✓ Grant or rejection

  
Program Coordinator

## Outcome of Program:

- A granted patent provides the inventor or assignee with exclusive rights to the invention, allowing them to prevent others from making, using, selling or importing the patented invention without permission.
- The patent serves as legal protection for the invention and can be enforced through legal means if infringement occurs.
- Additionally, the disclosure of the invention in the patent specification contributes to the collective knowledge and advancement of the field.

Students and faculties have participated in A One day seminar on IPR-Patent design Procedure on 30-03-2019.

## ABOUT COLLEGE

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development"

### Courses Offered:

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis&Q.A
- Pharmaceutical Analysis&Q.C
- Pharmaceutics

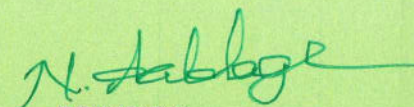

## OBJECTIVE OF THE PROGRAMME

The objective of a seminar on good manufacturing practices (GMP), good laboratory practices (GLP) and good clinical practices (GCP) procedures is to educate participants about the importance and implementation of these quality assurance guidelines in their respective fields. The seminar aims to provide an in-depth understanding of the principles, regulations and best practices associated with GMP, GLP and GCP and their significance in ensuring the safety, efficacy, and integrity of pharmaceuticals, medical devices and clinical research.

## Outcome of Program:

- The seminar should highlight best practices and practical strategies for implementing GMP, GLP and GCP procedures effectively. This may include discussions on quality control, documentation, training, risk management, auditing and other essential aspects.
- Seminars provide opportunities for professionals from different organizations and backgrounds to network, share experiences and collaborate.
- Attendees can exchange ideas, discuss challenges and learn from each other's perspectives, fostering a sense of community within the industry.

Students and faculties have participated in the workshop on **Research on GMP, GLP and GCP Procedures** on 20-04-2019.

## OBJECTIVE OF THE PROGRAMME

The objective of promoting and supporting women entrepreneurship is multifaceted and encompasses various social, economic and cultural goals. Promoting women entrepreneurship aims to bridge the gender gap in business ownership and leadership roles. Women entrepreneurship is a means of economic empowerment for women. By starting and running their own businesses, women can achieve financial independence, contribute to household income and reduce their vulnerability to economic hardships. Empowering women entrepreneurs contributes to a country's global competitiveness. A diverse entrepreneurial landscape can attract foreign investment, stimulate international trade and enhance a nation's position in the global market.

## OUTCOME OF THE PROGRAMME

- The outcomes of women entrepreneurship are diverse and have far-reaching effects on both the individuals involved and society as a whole.
- These outcomes can be positive and transformative, contributing to economic, social and gender equality.
- These outcomes contribute to a more inclusive, equitable and prosperous society, benefiting individuals, communities and nations as a whole.
- However, it's important to recognize that while progress has been made, challenges and disparities still exist and continued efforts are needed to further empower women in entrepreneurship.

## TOPICS OF THE PROGRAMME

- ★ Historical perspective
- ★ Barriers and challenges
- ★ Economic impact
- ★ Motivations and aspirations
- ★ Sectoral diversity
- ★ Innovation and creativity
- ★ Family and work-life balance
- ★ Technology and digital entrepreneurship
