The training and placement cell of Pydah College of pharmacy conducted a program on ICT skills on 29.10.18 at our College. The trainers gave their best to impart these basic skills. Not only teaching they gave practice sessions to check what the students understood. It was full day session and later on the trainers cleared their doubts. Students were happy and requested to arrange more of these job skills session for their career.

The following topics were broadly discussed.

- Importance of conducting session on ICT in relation to clinical Practice.
- Students were taught about computing applications in clinical Practice and also focused learning was provided on ICT.
- The session was conducted with the intention of understanding various new fields and its knowledge.
- This program will offer on how to face new challenges at various fields of Pharmacy Practice in this highly competitive pharmacy world.
