ABOUT COLLEGE:

Pydah College of Pharmacy is yet another Jewel in the Crown of Pydah Educational Group and it was established in 2007. The Institute came into existence to extend the rich experience of Pydah group in education to the field of Professional Education. The Basic Objective in the establishment of "Pydah College of Pharmacy", Kakinada is to nurture "A Promising Agency of Technological & Innovative Development".

Courses Offered:

- B.Pharmacy
- M.Pharmacy
- Pharmaceutical Analysis
- Pharmaceutical Q.A.
- Pharmaceutics
- Pharm.D
- Pharm.D (PB)

OBJECTIVE OF THE PROGRAMME

A One Week Faculty Development Programme is being organized on Pharmaceutical & Phytochemical Analytical Techniques and their Validation at Pydah college of Pharmacy. A number of different separation techniques such as TLC, column chromatography, flash chromatography, Sephadex chromatography and HPLC have been used to analyze the phytochemical compounds. These compounds are then used for the determination of structure and biological activity of different plant species.

Analytical method validation establishes documented evidence that the procedure adopted for a test is fit for the intended purpose in terms of quality, reliability and consistency of results.

TOPICS

- Discussion of various aspects of analytical method validation
- Principles of analytical method validation
- Approaches to analytical method validation
- Characteristics of analytical procedures

Date:	21-03-2022 to 26-03-2022
Details of Resource Person	
<ul style="list-style-type: none">▪ Name▪ Designation▪ Department▪ Organization▪ Email Id▪ Contact No	Dr. K.Bhavani Professor and Principal Pharmaceutics Koringa college of Pharmacy bhavani2008@gmail.com 9394546884

Objective:

A One Week Faculty Development Programme conducted on Pharmaceutical & Phytochemical Analytical Techniques and their Validation at Pydah college of Pharmacy. A number of different separation techniques such as **TLC, column chromatography, flash chromatography, Sephadex chromatography and HPLC** have been used to analyze the phytochemical compounds. These compounds are then used for the determination of structure and biological activity of different plant species.

Analytical method validation establishes documented evidence that the procedure adopted for a test is fit for the intended purpose in terms of quality, reliability and consistency of results.

Outcome of Programme

Dr. K. Bhavani delivered good lectures on Pharmaceutical & Phytochemical Analytical Techniques and their Validation. Faculties were keen to receive the information about the phytochemical screening techniques and development of validation methods. Faculty gave good feedback about the FDP and told that it was useful for their career.

Pydha College of Pharmacy had successfully organized A One Week Faculty Development Program on Pharmaceutical & Phytochemical Analytical Techniques and their Validation.

ABOUT THE INSTITUTION :

Pydah College of Pharmacy is one of the crown for quality education with Global Standards and Indian Values . PYDAHCOP was established in 2007 with a view to provide job oriented professional courses in Pharmacy. PYDAHCOP offers B.Pharm, M. Pharm and Pharm.D Programs. The college is affiliated to the Andhra University, Visakhapatnam. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean and comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

Report

Stock register updates for incoming glassware & chemicals to store room and outgoing glassware and chemicals from the store room to labs were discussed by Ms. N. Jyothirmaye with Non-teaching staff. She was also mentioned their updates in records time to time are required. In the labs for completed practicals registers should be maintained. Non-teaching staff asked their doubts for clarification and interacted well.

- B.Pharmacy (4 Years)
- M.Pharmacy
- Pharmaceutical Analysis
- Pharmaceutical Q.A.
- Pharmaceutics
- Pharm.D
- Pharm.D (PB)

OBJECTIVES OF THE PROGRAMME

A One Week Faculty Development Programme is organized on Advances in Pharmaceutical Sciences and Drug Delivery: A Research Perspective at Pydah college of Pharmacy. Physicochemical and biological barriers, pathways for drug delivery, formulation, pharmacokinetic and pharmacodynamic issues, metabolism and cell culture models used in studying drug delivery are just some of the topics that make drug delivery an exciting field for researchers.

Drug delivery is the method or process of administering a pharmaceutical compound to achieve a therapeutic effect in humans or animals. For the treatment of human diseases, nasal and pulmonary routes of drug delivery are gaining increasing importance.

Program Report

Name of the Programme:	A One Week Faculty Development Program on Advances in Pharmaceutical Sciences and Drug Delivery: A Research Perspective
Date:	22-11-2021 to 27-11-2021
Details of Resource Person	
<ul style="list-style-type: none">▪ Name▪ Designation▪ Department▪ Organization▪ Email Id▪ Contact No	Dr. K. Rama Devi Professor Pharmaceutics Viswanadha Institute of pharmaceutical sciences ramakalyank@gamil.com 9398020669

Objective:

A One Week Faculty Development Programme conducted on Advances in Pharmaceutical Sciences and Drug Delivery: A Research Perspective at Pydah college of Pharmacy. Physicochemical and biological barriers, pathways for drug delivery, formulation, pharmacokinetic and pharmacodynamic issues, metabolism, and cell culture models used in studying drug delivery are just some of the topics that make drug delivery an exciting field for researchers.

Drug delivery is the method or process of administering a pharmaceutical compound to achieve a therapeutic effect in humans or animals. For the treatment of human diseases, nasal and pulmonary routes of drug delivery are gaining increasing importance.

Outcome of Programme:

Dr. K. Rama Devi thought good information on Advances in Pharmaceutical Sciences and Drug Delivery: A Research Perspective. Faculty interacted with resource person and fulfilled their doubts and told that this type of FDPs were well enough to gain good research knowledge.

Pydah College of Pharmacy had successfully organized A One Week Faculty Development Program Advances in Pharmaceutical Sciences and Drug Delivery: A Research Perspective.

PYDAH COLLEGE OF PHARMACY

(Approved by PCI, AICTE and Affiliated to Andhra University, Visakhapatnam)

Yanam Road, PATAVALA, KAKINADA-533461, E.G.Dt
