Pydah College of pharmacy conducted a special program on Language Skills with the support of Placement cell for two days to all I B. Pharmacy students on 06.02.23 & 07.02.23 in the college. The program is only to enhance employability skills. After the two days session students were satisfied in handling basics skills. Language skills are the abilities that enable you to express your thoughts coherently and communicate with others. These skills provide structure and relevance to the information you wish to convey to the recipient. Reading, writing, listening and speaking are four essential skills that comprise basic language competency. After the program students gave their valuable feedback and asked for these kinds of session.

The following topics were broadly discussed.

- Corporate communication skills
- Personality development
- Motivational training and public speaking

Objectives of Programme:

- To enable the students comprehend the spoken form
- To develop students ability to use English in day-to-day life and real life situation
- To understand the written text and able to use skimming, scanning skills
- To write simple English to express ideas etc.

Learning outcomes & Topics Covered:

- To develop the competence of students to understand what they hear.
- To develop the ability to read with comprehension.
- To develop effortless expression.
- To develop the skill of coherent writing.
- To develop control over different registers.
- To develop children's creativity.
